

Crates & Skins

Violets will always have 3 to 5 seasonal or rotating crates available at `/warp crates`! The crates that appear here are always new releases and are on a 2-4 week rotation! When a crate gets removed, it may not be gone forever, as it has a chance to appear in the archive starting next season.

How to obtain crate keys

The best way to obtain crate keys is to buy them at the [Violets Store](#). You can also win them through challenges, giveaways, and events!

How to open the crate

Instead of using physical keys violets uses a system that automatically registers the keys you have above the crate they are for, and to open the crate you just right click it, and if you have multiple, you can shift right click to open them all at once!

How do skins work?

When you've acquired a skin, you can either use `/skins` command, or go to spawn and talk with Seb the npc to apply it onto a tool or armor! Place your items in the designated boxes, and then you have your customized item.
