

# Server Rules

Rules exist to ensure a safe, fair, and enjoyable experience for all players while maintaining a friendly and respectful community. Violations are subject to a **progressive punishment system**, ranging from warnings to bans, depending on severity. Some offenses, such as chargebacks or doxxing, result in **non-appealable blacklists from the community**.

**If you believe a punishment was unfair, you may submit a ban appeal**, though not all cases are eligible as stated above. Rules may change over time, and it is **your responsibility to stay informed**. [By playing on VioletsMC, you agree to abide by these following rules.](#)
